JADE HENDRICKS

Summary

I'm a Web developer with over 5 years of professional experience building web applications. I've dabbled in Mobile development with C# and building full stack applications using the MERN (MongoDB, Express, React, Node) and MEAN stack in my personal capacity. I'm always looking to build the best and most up to date software on the market.

Skills

- React (Proficient)
- Angular (Proficient)
- JavaScript (Expert)

- NodeJS, Express, MongoDB (Proficient)
- HTML 5 (Expert)
- CSS 3 / SCSSS / SASS / LESS (Expert)

Experience

Full Stack - 06/2018 to 02/2020
Front-end developer/Mobile, Cape Town, South Africa

- Working in teams of 4 – 8 developers in order to build Fullstack/Mobile applications.
- Working on up to 3 projects at the same time with different development teams.
- Management duties associated with being part of the company's management committee.
